## Shenna Body Art

Shenna Body Art is a select group of professional trained artists serving the greater Washington D.C.-Baltimore metro area. We specialize in mehandi, a temporary tattoo created using henna. Henna is a safe, all-natural stain that has been used throughout human history to paint beautiful temporary decorations on the body.

We mix our red-brown henna paste ourselves with henna leaves, lemon juice, dextrose (sugar), and essential oils such as lavender, cajeput and tea tree oil. We never use any chemicals, preservatives, black hair coloring, or nut derivatives. Our henna products are generally safe to use on children and even during pregnancy. In addition, we carry insurance for every event.

## Wild and Crazy Hair

If you are looking for a DIFFERENT kind of look, you are at the right place. What we do is fun and exciting. Children and adults of all ages will love it. We style children's and adult's hair in spikes, mohawks, ponytails, etc...and then the exciting part...you get to pick as many colors as you want...we use colored hairspray and glitter and give you **Crazy Hair** for a day. (**It will wash out after the first hair wash!**)

After you get your **Crazy Hair** done, you are still not finished! Everybody gets to pick a **Fantasy Face**. You have the choice of so many cool designs that it will be hard to decide. Our artists are ALL well-trained professionals that have attended Face Painting and Hair Design seminars! We only use professional products that are hypoallergenic and easy to wash off.
